

Shannon Iacobacci, MS, Neurobehavioural Educator and Parenting Coach, FASD Specialist and IEP Consultant.

Shannon is a neurobehavioral educator specializing in developmental disabilities. Using a brain-based approach, Shannon provides training and education for organizations, families, schools, and resource parents of foster youth. She is a certified facilitator of the FASCETS neurobehavioral model and has conducted training on FASD and related topics for more than 15 years.

As an IEP coach, she supports families living with FASD through the IEP process in collaboration with the IEP team to create appropriate accommodations and support services.
